

The R44/22 Bit Bag

*A place for everything!
The Robinson Helicopter
Storage Solution*

Storage for all in-flight bits!

Easy-grab from car to helicopter

Single sided organizer for the R22

Bit Bag "saddle" style twin sided organizer.

The **Bit Bag** solves the in-flight storage problem for the Robinson R44 and R22 Helicopters. The "saddle" style bag for the R44 is a two sided system that hangs conveniently over the center bar of the 44 between the seats. Identical pockets are arranged on the front and rear to accommodate maps, pens, flashlights, fuel tester, cell phone, business cards, Ipad etc. A convenient way to bring all the stuff you need for a flight in one place. Great for students or flight instructors. Just grab it and go. Also available as a one sided pocket system for the R22.

\$49.95 List - Great gift, quantity pricing for dealers.

Also available from Americopter - Door bags, lambs wool seat covers, floor mats, under-seat storage organizer & exterior utility mount.
